Patient: Margaret O'SULLIVAN

DOB: 27/06/1955

Address: 8 Sample Street, Westmead NSW 2145

Reason for report Hydroxychloroquine screening

Key findings Eye report for patient seen on 18/09/2026.

Dear Dr Wong,

I saw Margaret today for her annual hydroxychloroquine retinal screening. Visual fields and OCT macula scans are unchanged from last year, with no evidence of retinal toxicity. I will recall her in 12 months.

Kind regards,
Ms Priya Nand

Examination findings	RIGHT EYE	LEFT EYE
Visual acuity	6/6	6/7.5
Visual correction	best corrected	best corrected

Patient will be recalled on 18 September 2027 (12 months)

Current medication Hydroxychloroquine 200mg daily
